

Pickett Fencing Hire

Umbrella Hire

David Browne Leisure

PICKET FENCING HIRE & SALES

10ft (305cm)

Our picket fencing is made of wood, painted white or multicoloured, and is free standing so it can be used on hard as well as soft surfaces.

The fencing has rounded tops to comply with Health & Safety, and can readily and can easily be removed in the event of an emergency.

Picket fencing is ideal for creating specific areas at an event or blocking off an area.

It is also perfectly suited to creating a walkway to a marquee of your choice.

5ft (153cm)

2.5ft
(76cm)

The picket fencing can be supplied in 10ft (3m) lengths or 5ft (1.5m) lengths. We also offer a gate entrance system if required.

Quotations can be provided to include hire, manufacture, delivery, erecting, dismantling & collection.

The hire of picket fencing is not subject to VAT.
